Summary/Description

For Sale

The 2014 27 Boston Whaler Vantage Boat is perfect for the fisherman who likes to do more than just fish. The dual-console design is the perfect platform for this blending of fish and play because it affords a more protected cockpit that accommodates more seating options with less exposure to the elements like the portside lounge which is a multifunctional seating arrangement, which can be worked smoothly, by leaning it forward for an aft-facing lounge, midway for a passenger leaning post or fully aft for a forward-facing seat. Lay it down and it creates an oversize sun lounge. Lift up the back cushion and now the sun lounge faces forward. The 270 Vantage also features an aft couch that pops out of the transom. Moving Forward you will find ample bow seating with a removable table which when removed the area can be converted into a sun pad with filler cushions.

If you're Looking to fish the 270 Vantage features 12 rod holders, under seat live well, Stash the bow cushions and create a casting deck. Stow the custom-built transom seat and you have ample deck space for fighting fish in the cockpit. The 270 Vantage's stellar performance gives credit also to the highly refined Mercury Verado. With a speed of 52 mph for top speed and cruises smoothly at 25 mph while only burning around 13 gallons per hour at 3,500 rpm.

The helm station is equipped with a Garmin GPS, Fusion stereo with JL Audio speakers. Hydraulic steering is standard, as it should be with high-horsepower offerings. The helm seat is comfortable, adjustable, and rugged looking. Armrests swing away to ease entry or exit, and a bolster flips up offering a leaning post or elevated seating.
