Low hours (515), new Kohler generator, updated Raymarine GPs's, Volvo pod drives, stunning Stars and Stripes blue awlgrip and stunning cherry interior with teak and holly sole. "Dove" does it all, wrapped up in Sabre good looks and quality.

Overview

Manufacturer Provided Description

The Sabre 38 Salon Express represents the latest in design and naval architecture. Her exterior profile still says "downeast" and she is built in the tradition of Maine boat building: beautiful, strong, steady, reliable and very seaworthy. Yet below her skin, technology is everywhere: from her resin infused laminates, to state of the art systems, to her pod propulsion drive. Her hull lines are the latest thinking in vee-hulled motor yachts and are specifically designed for the installation of pods, allowing fuel economy, quiet running and a pleasant dry ride.

The pod drive train of the Sabre 38 offers excellent fuel economy, an important consideration in these days of uncertain diesel prices. Pods also lower noise by pushing out exhaust through the propeller stream and importantly allow confident boat handling when docking or maneuvering in tight spaces.

In her interior the Sabre 38 Salon Express provides an open design which will suit a day's outing with friends as easily as a longer cruise. Her cockpit is raised to a level just 5 inches below the main salon so as to connect these two important social spaces, and the aft end of the house opens with drop down windows and a swing door.

In her main salon a large, U-shaped settee with fold over table will seat up to three couples, while the forward end of the settee can be oriented forward to provide a comfortable perch when underway. To starboard, aft of the Stidd helm seat, is a long cabinet housing an LED television on an electric lift and storage compartments for the owners gear.

Cockpit

Step onto the swim platform and enter the cockpit/aft deck from either the port or starboard gated entries. An electrically activated bench seat is aft with a teak table in front. An aft facing seat, with storage beneath, sits forward to port. You can enjoy a shower here with a Hot & Cold fresh water shower. Entry to the Main Salon is through a stainless framed bi-fold door.
