Data Sheet

Category: Center Consoles
Condition: Used
Model Year: 2022
Beam: 8' (2.44m)
LOA: 22' (6.71m)

Fuel Type: Gas/Petrol
Hull Material: Fiberglass

HIN/IMO: DMA125984C222

Engines/Generators

Engine 1

Yamaha
F300 XCA
Outboard 4 Stroke
Fuel: Gas/Petrol
Hours: 21
Year: 2022

Summary/Description

EdgeWater has always built high-end, upscale boats. In recent years they have taken that philosophy to all new levels, and the result is the Edgewater 230CC. Designed with versatility in mind, the 230CC is an ideal option for fun family boating.

Premium Center Conole – Feature Rich Fishing Rig

EdgeWater has always been known for building high-end, high-quality center console boats. In recent years, they have taken this commitment to a whole new level, and the result is not only impressive larger boats but one of the best boats under 25 feet, the Edgewater 230CC. Designed with versatility and ride comfort in mind, they created a model perfect for enjoyable family boating experiences.

The foundation of EdgeWater's success lies in their innovative construction method. Known as single-piece infusion, this process involves incorporating knitted fiberglass and structural composite stringers into the mold before introducing the vinylester resin using a vacuum-infusion process. The result is a single-piece hull with an impeccable resin-to-glass ratio, free from any air bubbles or voids, ensuring maximum strength with minimal weight.

Equipped with Yamaha Four Stroke power of up to 300hp, this boat is guaranteed to deliver outstanding performance with a 52 MPH top end and a cruise speed of 34 MPH burning only 11 GPH. Alongside a range of other impressive features, this model has been specifically designed to offer the perfect balance between fishing, watersports, and coastal adventures.

2022 Edgewater 230CC

Key Features

20 Engine Hours, 3-Year Warranty

Retractable Ski Pylon

Powder Coated Package
