Summary/Description

Epic Offshore Center Console

This 2019 Regulator 41 was designed by the builder to meet three distinct goals: comfortable ride in big water, hardcore fishability, and real comfort. This shark gray flagship 41 has nearly every option checked off from the build sheet. By not having a tuna tower, this boat has a very low center of gravity which adds dramatically to its offshore stability.

By the numbers, her quad Yamaha 425 HP outboards provide a high cruise of 40 MPH with a burn rate of 57.9 GPH. As a metric for the Northeast boaters, leaving Western Long Island Sound out to Montauk will be a modest 2 hours and 15 minutes. Two 22" Garmin MFD's are the focal point of the helm's clean layout. Centerline is a sleek Edson carbon fiber steering wheel; the throttles are at an excellent 45-degree angle and the joystick is conveniently positioned outboard to starboard. She is also equipped with a SeaKeeper 6 Stabilizer powered by an efficient 8 kW Fischer Panda generator.

FlexiTeek spans the vessel, a classic option, both in looks and keeping a cool to touch surface on warmer days. The two-toned dove gray premium quilted upholstery is soft, comfortable, and adds to the overall good looks of this fishing machine. Amplifiers and subwoofers emphasize the JL Entertainment system, complementing its vast volume range when entertaining.

This 41 is turnkey and is ready to fish or entertain today. She is currently located in Southport, CT available for sea trial. The McMichael service team has been through her to ensure she is in tip top shape for her next owner.
