### Engine 1

MAN  
V8  
1200HP  
894.84KW  
Fuel: Diesel  
Year: 2023

### Engine 2

MAN  
V8  
1200HP  
894.84KW  
Fuel: Diesel  
Year: 2023

## Summary/Description

The 680 FLY joined the latest, fourth, generation of Galeon models and introduced some exciting new features to the segment. With lightweight construction taking advantage of carbon technologies, its powerful yet elegant frame will offer commendable performance and great handling.

Launched in 2023, this 680 FLY is loaded with 1m Euros of options and upgrades.

The 680 FLY joined the latest, fourth, generation of Galeon models and introduced some exciting new features to the segment. With lightweight construction taking advantage of carbon technologies, its powerful yet elegant frame will offer commendable performance and great handling.

On board of the 680 Fly, guests will find incredible volume, a bright and welcoming interior and a highly customizable, luxurious finish. A saloon with four power panoramic windows, a wide cockpit door, a sunroof and a skipper's exit all combine to place a large open space at guests' disposal to allow for that intimate touch with nature.

Galeon 680 Fly is a combination of a classic hull with the new "Floating Design" interior and additional innovations added. The interior's "Floating Design" concept is a direct nod towards waves with its rounded, wavy combination of mat and glossy woodwork.

The class's largest flybridge offers a "Smart Layout" with a bar and recreation space for a dozen or so guests. The bow area is offered in two different layouts: with an assortment of multifunctional power sofas and tables or a classic sundeck with a large sofa.

Galeon 680 Flybridge combines all the best aspects of classic style and modern approach.

## Manufacturer Provided Description

By combining the light-weight but incredibly strong attributes of carbon fiber with powerful engines, the Galeon 680 FLY serves up stunning performance perfectly suited to your escape. And when you step on board, you'll be taken aback by the overabundance of space, amenities, and a class-leading level of detail. One look makes it easy to see why the 680 FLY sets the pace for yachts in her market segment.
