Great Garmin electronics package and fishing equipment, including livewells, tackle center, Rupp outriggers, fish boxes! Seakeeper stabilized. Family-friendly. Triple 350hp Mercury Verados. CALL NOW!

2017 Bonadeo 37CCWA Center Console Walkaround

FUN CURVE is the definition of a no expense spared build and exceptional maintenance. Spending the majority of its life stored indoors didn't mean it was out of sight and out of mind. The owners had the boat routinely cleaned and waxed, and even had every pump in the boat replaced last year (regardless of use). FUN CURVE has a full teak package including toe rail, helm pod, covering boards, coamings, and decks. The house battery bank was upgraded to lithium batteries. Live Wells are plumbed both forward and aft. She sports a brand-new hardtop to rub rail boat cover and has forward and aft shade covers with carbon fiber poles. The Seakeeper tames the rocky days at sea, while the joystick steering, and the bow thruster make close quarter handling a dream. The day head is air-conditioned, and there is a berth forward in the sub-console hull that hosts quite a bit of storage. A pair of 16" Garmin displays are recessed in a glass helm style dash.

Systems and Equipment

- SeaKeeper 3
- Bow Thruster
- Custom Tow Bit
- Freshwater wash down
- Raw water wash down
- Freshwater Head, with back up Raw water valve
- (2) 2000 GPH bilge pumps
