Summary/Description

This is a well maintained Sundancer with the preferred 8.3 Cummins diesel power package with only 850 hrs with shaft drives.

This well maintained Sundancer has the preferred 8.3 liter Cummins QSC engine package with shaft drives and only 850 hours on her mains. The boat spent the first half of her life in freshwater and is currently with the third owner. The yacht has received constant attention and maintenance. In 2023, the 1,000 hrs service was completed with heat exchangers removed and machine shop cleaned, all impellers, filters, and oils replaced. The white hull has been well protected and underwent a full bottom job with shaft seals/bearing replacement. The Sundancer also received a full Simrad electronics navigation upgrade and Fusion Radio installation. Her soft goods and canvas are in good condition, with additional blackout windshield screen and aft shade sail with stainless rods. This yacht is turn-key ready for its next owner to enjoy this summer.

About

Built on a deep-V hull with prop pockets and a wide 14-foot beam, the luxurious two-stateroom, two-head floor-plan of the 44 Sundancer is an impressive blend of high-gloss cherry joinery, Ultra-leather seating, and designer fabrics. Privacy doors separate both staterooms from the salon, and the Sundancer's full-service galley includes an under-counter refrigerator/freezer in addition to Corian counters and hardwood flooring. Topside, a flip-up bolster seat is standard at the helm, and the entire cockpit sole can be raised at the push of a button for engine access.

Fuel Range

Fuel range at fast cruise of 2,400 rpm 25 knots (28.769 miles per hour) at 18 gallons/per engine/hour (36 gallons combined gallons/hour)- covering 215 mile range.
