Yanmar
Inboard
440HP
Fuel: Diesel
Year: 2023
Location: Starboard

Generator 1

Onan
MDKDU with moisture eliminator and insulation (USA)
27KW

Summary/Description

"Quality, Custom-Builds & Lightweight, this is McConaghy." McConaghy is proud to now introduce an entire line of Cruising Multihulls. Drawing on their 50 years of yacht building excellence, and reputation for creating some of the world's best performing race boats.

McConaghy's continual innovation and investment in new materials and technologies, has allowed the builder to firmly establish their position at the forefront of progressive high-performance and now also luxurious yacht building.

The MC63 is the flagship power model and utilizes highly optimized hull forms combined with the already iconic lines of the McConaghy. This strong, light, and powerful motor yacht is the first among its peers to offer both coastal cruising.

Available- MC63P Tourer Version

McConaghy's carefully considered use of carbon and precise hull forms allows the MC63P Tourer a fuel-efficient vessel at lower speeds, while still being able to achieve top speeds above 20kts.

The MC63p Tourer offers two flybridge layouts to choose from. This model has the highly desirable Front Cockpit and Opening Forward Weathertight Door. Versatile interior arrangements are available, allowing for a three or four-cabin layout.

Introducing McConaghy's Power Catamaran - MC63P Tourer

McConaghy Multihulls is the latest product range from McConaghy, drawing on our 50 years of yacht-building excellence, as well as a storied history in creating some of the world's best-known and best-performing race boats. Our continual innovation and investment in new materials and technologies have allowed us to firmly establish our position at the forefront of progressive high-performance yacht building. McConaghy is proud to now introduce an entire line of cruising multihulls to our portfolio, created in collaboration with world-leading designers. The MC63p Tourer features clean lines, apartment-style living, and an overall open and modern dynamic that simultaneously enables more comfortable cruising and better performance; a feat not yet achieved in any other line of a multihull. The MC63p Tourer is our flagship power model and utilizes highly optimized hull forms combined with the already iconic lines of the McConaghy MC62. This strong, light, and powerful motor yacht is the first among its peers to offer both coastal cruising and the capability for far-flung oceanic adventures.
