Summary/Description

The 2022 Hewes Redfisher 21 is a perfect platform for inshore and nearshore fishing with wide walkways, open fore and aft decks, and an ergonomically integrated helm/console.

Overview

This 2022 Hewes 21 Redfisher is the perfect platform for both nearshore and skinny water fishing utilizing her unique bow flare, small draft, and atlas jack plate. With huge casting platforms, large bench seating, and an open layout she is more than capable of fishing with multiple anglers without bumping shoulders and stepping on toes. She's optioned up with the reliable and renowned 300hp Yamaha that sips fuel yet pushes her to over 60 mph. While this 21' Hewes has a near-shore and skinny water persona, she has an incredible amount of lockable storage compartments for all the gear you need throughout the day. While fishing, use the Garmin electronics package in conjunction with the Minn Kota Ultra Riptide and control the boat or lock it in place with the ease of the push of a button while watching the fish finder and chart plotters.
