Summary/Description

CLEAN AND READY TO GO !

2008 INTREPID 323

This Intrepid 323 Center Console is one of the most popular center consoles ever built. She is powered by twin 250HP Yamaha 4-Stroke with roughly 650 hours. The Intrepid 323 is a great setup for both cruising and fishing.

Outfitted with a fiberglass hard top and Furuno electronics and Seadeck. It features an aft bench seat, rear transom door, and insulated fish boxes.

The boat is in an above average condition and has been lift-kept, since new, with both the first owner and its second owner. The second owner purchased this boat in January of 2022 and the reason it is back on the market so quickly is that house needs are taking precedence. This is a 3rd boat for this owner and the boat is not getting as much use as they would like so, they have decided to sell. The Seadeck has just recently been installed by the 2nd owner.
