Summary/Description

FINA is a 2020 POWERCAT ready to start the next long voyage!

FINA is a 2020 POWERCAT ready to start the next long voyage! Whether you are looking to cruise the caribbean or along the east coast of the U.S. The amount of space onboard will be perfect to host multiple family & friends for longer periods of time.

Preliminary listing with photos coming this week!

Powercats offer acres of living space, storage and economical cruising; no wonder there's strong market growth. Couple this with two independent and widely-separated transmission systems that promote easy handling and you can see why first-time buyers are shelling out for them. Living space is perhaps the major feature, especially on triple-level boats such as this MY44.
