The JVX Series is designed and rigged with fishing in mind. With the JVX, getting in the shallow creeks and rivers will not be an issue. The lightweight hull with the modified V-hull design gives you a boat that will carry more weight further and faster with less horsepower while delivering outstanding performance.

No matter why you need the JVX, we offer a full array of accessories and options, so you can rig the JVX to fit your needs. The JVX has patented splash guards to help keep you dry and positive tracking keels for enhanced maneuvering. From the open bay to the shallows, the JVX might be the right boat for you.
