The hull and superstructure are made from welded aluminium with six watertight bulkheads. A 25mm aluminium Keel Bar runs from the bow to the transom for strength while the thickness of the hull is 15mm below the waterline.

ENGINES

2x SCANIA D109 70M 9.3 litres 250 HP @ 1800 rpm Fuel: Diesel Total power 500hp (Optional 600hp)

BROKER'S COMMENTS

Introducing the XPM 85 Expedition Yacht, a true explorer yacht designed for high-latitude expeditions and extreme adventures. Crafted from rugged aluminium, it offers unparalleled endurance and safety, even in the harshest of sea conditions.

This yacht combines luxury with exploration, providing opulent interiors while granting access to the world's most remote and challenging destinations. With unrivalled endurance and a long-range capability, this yacht stands ready to overcome the farthest reaches of our planet. The MCA Category 0 certification is not just a mark of excellence, it's a guarantee of utmost safety.

Step inside, the custom and modern interior is bathed in natural light thanks to large glass windows surrounding the main deck. The interiors are a mixture of comfort and style, providing you with a refuge of luxury amidst the wild. From the panoramic views of the Arctic expanse to the luxurious furnishings, every detail is designed to cater to your sense of adventure and sophistication.
