

76' (23.16m) 2025 Olympia Semi-Custom  
Sequim Washington United States

## OVERVIEW

Manufacturer: *Olympia*

Engines:

Engine Model:

Engine HP:

Beam: 17' 4"

Max Draft: "

Water: 264 G (999.35 L)

Hull Material: Composite

Cruise Speed:

Max Speed:

Cabins/Heads: 3 / 3

Fuel Type: Diesel

Fuel: 1321 G (5000.53 L)

**\$4,448,500**

## Data Sheet

Category: Motor Yachts  
Condition: New  
Model Year: 2025  
Beam: 17'4" (5.28m)  
LOA: 75' 5" (22.99m)  
LWL: 62' (18.90m)  
Cabins: 3  
Sleeps: 6  
Heads: 3

Fuel Type: Diesel  
Super Structure Material: FRP  
Hull Material: Composite  
Hull Shape: Deep Vee  
Hull Finish: Gel Coat or Paint Option

Displacement: 45 tonnes  
Fuel Tank: 1321 gal (5000.53 liters)  
Fresh Water: 264 gal (999.35 liters)  
Builder: TC Ship Building Co., LTD  
Stock #: 7608

## Engines/Generators

## Summary/Description

A captain friendly yacht, the Olympia 76 has great lines, toe friendly decks, great storage for gear, and plenty of engine room access. With the Remote ZF Handset, owners and captains can walk to either side of the vessel with the controller and get into a tight slip or boat house with ease.

Available for East, Gulf, or West Coast Delivery, the Olympia 76 is a semi-custom yacht that offers big yacht features for a price that production yards are charging. Why spend a million dollars or more? Get a great yacht for less. Olympia Yachts work hard to ensure each yacht they produce is positioned for successful cruising many years into the future. With 11 other yachts out cruising in different parts of the world, the Olympia 76 is a great fit for the US Market.

Your Custom Interior - Olympia Yachts offers you a variety of woods, whether it is a traditional cherry or teak interior, or something with a more modern flair, as our pictures show. Owners can choose their interior wood species, the type of finish, and other design elements to create their vision in a yacht. Olympia 76 yachts have unique interiors and features aboard that reflect their owner's style and cruising requirements. Features such as expanded outdoor seating, hydraulic mast lowering for bridges and covered moorage, unique stonework, and different hull colors are all part of the versatility the yacht builder's experience brings to life.

The Olympia 76 comes well-equipped with a full electronics suite for serious navigation, bow and stern thrusters, hand-held remote engine/thruster control (with cord), jet ski garage and/or crew cabin aft, 3 or 4 owner/guest staterooms, and proven hull design. Optional SCRIMP hull and deck for increased strength and weight savings.

From our own time aboard the yacht to personally sea trial the Olympia 76, we found that it is easy to operate, enjoy, and maintain. From options such as hydraulic mast for bridges and/or covered moorage, different hull colors, Sea keeper Gyro Stabilization, the Olympia 76 is a dynamic yacht for a variety of cruising locales, temperate zones, and owners.

This is an ordered boat built specific for its new owner. Typically construction takes 12 months for completion, but for something as impressive and custom built for you, the wait is worth it. That first push of the throttles is quite a thrill. We enjoy seeing that smile. Give us a call today.

## Hull/Deck Construction

Hull & deck FRP lamination is made by Scrimp

Built to DNV high speed boat regulation

Transverse and longitudinal strengthening stringers throughout hull

The interior of hull bottom is painted out in topcoat

Hull and deck joint bolted and FRP bonded

## Main Deck & Fittings

MAIN DECK - Review the deck plans of this vessel and you will notice that it has access from the swim platform all the way forward. The stairs from the AFT DECK to the FLYBRIDGE and then to the foredeck make getting around the perimeter of the vessel a snap. As a Wide-Body Design, fenders can be placed all along the hull sides and the versatile deck plan creates more interior space.

The AFT DECK is a generous, full-beam space with aft deck seating, large oval table for alfresco dining, and wide, easy access on each side to the flybridge. These built-in stairs allow family, guests, and pets easy access up the stairs. This deck plan allows the Main Salon to be full-beam and offers easy access to the foredeck and fender placement. The location of the winches (optional) and bollard cleats make docking a snap. Stairs lead down the swim platform and jet ski garage on each side of the aft deck, both with boarding safety gates. Entry to the Main Salon is via the large tempered glass sliding door amidships. An option for a curved set of doors is available and featured on "Aki II" in Brisbane, Australia.

Teak deck for main deck

Bow roller & chain lockers with 2 hatches with flush type installation

Electric bow/stern thruster

Raw water anchor wash down with pump

Windlass (3 station controls)

Anchor (50 kg) with chain (10M) & rope

Stainless steel chain way

Life raft locker

Around type stainless steel hatch to VIP cabin

Sun pad

Stainless steel spring cleats/shaft plates

Stainless steel mooring cleats/shaft plates

Stainless steel pulpit & guard rails

Rubber rub rail

2" water & fuel fillers for port and starboard side

Tempered glass directly molded on FRP

Deck lights & full set navigation lights

Waterproof speakers from saloon CD/stereo system cockpit

Access hatch to aft cabin

Around type stainless steel frame sliding door to saloon

Stairs with handrails to flying bridge and fore decks

Hydraulic transom door with remote control

Aft deck FRP seat with cushion

Lockers containing manual bilge pump with valve chest/shore power inlet & storage area

Lockers for ice chest

Forward and aft deck wash down (sea water)

Self draining

Cockpit halogen lighting

Transom shower (hot & cold)

Stainless steel swimming ladder under cover

Swimming platform with track for water ski

Stainless steel SUS 316 for stanchions and fittings

Stainless steel fender holder

Solar vent

Search light

Stainless steel port lights with storm cover

## **Flybridge and Helm Position**

Accessible from side decks with doors

Tempered glass directly molded on FRP

Clear forward windscreen

Windscreen wipers with water spray

FRP instrument console with Burl panel

Power steering system

Helm seat with leather & navigation chair

Full set electric engine control (3 stations)

Steering wheel

Engine room fire extinguisher warning system

Bilge pump visual and audible warning indicators

Remote windlass control

Search light with remote control

Marine horn with control

Compass

One helm chair

U & L shaped seating with cushion and table, settee seating with cushion

Wet bar with sink, ice maker, col chest and griddle

FRP radar arch

International navigation lights

AC/DC control panels beside helm seat

Waterproof sound marine speakers from saloon

CD/stereo system

Flag pole socket

Non-skid deck

## Interior

The Olympia 76 can be built with 3 or 4 staterooms forward. An optional crew cabin aft can be built in place of the tender garage. Interior design shows the contemporary layout Hull #4 specified. Pictures to follow. Designed with European elements, the yacht incorporates darker interior woods offset by lighter leather surfaces and bright lighting, large master stateroom ports, and low furniture. As a semi-custom yacht, an owner can choose a design style that appeals to them. Counter surfaces, carpeting, hardwood floors, and wood finishes are all possible with the Olympia 76. We have featured two styles to give owners an idea of possibilities.

Solid wood or engineered floor throughout with carpet

Choice of carpets, upholstery and window covering fabrics

Cheery, teak and maple wood veneer furnishings

Synthetic leather hand liners and some parts surface

Sandwich type for bulkhead, partition bulkhead, lockers and drawers

Clear forward windscreen

Lights and sockets

Access stairs to lower deck with lighted steps

Overhead in synthetic leather

Ceiling halogen lights

Saloon ladder to dinette room with hand rail.

## **Main Salon**

Halogen ceiling lighting

Window coverings or drapes to all windows and doors

Overhead in synthetic leather

U-shape leather sofa with coffee table x 2

Concealed lighting under sofa and around window covering valance

Flat acrylic mirrors inside liquor cabinet

Flatscreen TV, stereo and speakers

## **Galley**

Teak floor

4-burner cook top with oven

Exhaust fan over stove

Refrigerator (freezer with ice maker)

Granite countertop

Microwave oven

Double sinks with hot and cold mixed faucet

Trash bin

Lockers and drawers

Ceiling lights

110V power sockets

Water gauge at overhead cabinet

## **Forward Guest Cabin Port & Starboard**

Double berth

Book shelf and locker with light

Lights and outlets

Synthetic leather hand liners

## **Head/Shower**

Granite counter top with sink

Faucet

Mirrored cabinet

Vacuum toilet

Exhaust fan

Wall & ceiling lighting

GFI 110V outlet

Fixed and handheld shower head

Whirlpool tub

## **Owner's Stateroom**

The OWNER'S STATEROOM is full width amidships and reached just aft from the foyer. It features a midship fore and aft Master bed, two hanging lockers, drawer storage, and settee on the port side. The ensuite bathroom features head and sink with a separate shower and sink on the starboard side of the Master Stateroom. Counter tops are Corian with options for granite. Large opening port lights, aligned vertically, bathe the full-beam Master Stateroom with natural light and fresh air.

Queen size berth with mattress and upholstered headboard

Fabric couch

Hanging lockers

Ceiling lights and reading lights

Lockers and drawers

Flatscreen TV/radio and CD player with speakers

Power outlets

Dresser with mirror and chair

## **Engines and Propulsion**

Watertight engine room bulkheads

Access through aft deck

Watertight door to engine room

Leaded foam with aluminum plates and muffler for insulation

High volume engine air intakes

Engine room machinery fan

Engine exhaust silencers and water cooled exhaust

Engine beds integrally bonded

Engine flexibly mounted

Engine room AC lights and DC lights

Engines, fuel tanks, fillers, etc. all electrically bonded

Automatic electric bilge pumps and manual bilge pump

Wrap exhaust pipe from engines for additional noise insulation

Northern Light 25KW generator with sound shield

FIREBOY fire extinguishing system

Engine Options:

- MTU 12V M91 1500 hp
- MAN D2842 LE409 1500 hp
- CAT C30 1550 hp

Propulsion Options:

- Twin FP props in tunnels
- Water jet surface drive

## Electrical Appliances

All AC and DC circuits protected by circuit breakers

Color coded wiring system

DC 12V system

2 x 120 AH battery for generator starting and charged by gen set or battery charger

1 x 23 amp battery charger for battery bank

DC 24V system

4 x 120 AH heavy duty batteries for bow/stern thruster

4 x 200 AH heavy duty batteries for engine starting and charged by engine or battery charger

4 x 200 AH heavy duty batteries for domestic service and charged by engine or battery charger

2 x 120 AH battery for electronics

1 x 75 AH 24V battery charger

Battery master switch at main switch panel

DC lighting throughout

AC 120V system (240V available)

1 x 21KW generator

Shore power supply

Generator/shore support change over switches

AC sockets throughout

Earth leakage safety trip

Shore power outlets x 2

Navigation equipment

Color LCD radar

Color video plotter

Depth sounder

GPS receiver

Communication equipment

Marine VHF transceiver

## Miscellaneous

Air conditioning (72000BTU)

FRP fuel tanks with separate filters and vents

Stainless steel water tank with filters and shore water connection

Water level gauge

Fuel and water filters

Water heater 30 gallon connected to gen set cooling system

Automatic water pressure pump for hot and cold water

Oil change system

Grey water tank with pump

Holding tank with macerator pump and deck discharge

Holding tank lever gauge

Shore water inlet

Manual bilge pump

5 x high capacity RULE 3700 electrical bilge pumps with automatic float switches

Exhaust blower with tubing

Sea water strainers

All thru-hull with seacocks

Deck wash faucet in chain locker

Color coded plumbing system

Central vacuum system

## Optional Items

Teak deck for FB deck

Dinghy davit

Dinghy

jet ski

Jet ski mooring winch, gainway with remote control

Underwater lights

Water maker

Washer/Dryer

Ice maker
