Summary/Description

UC 150 Yacht Support is based on the Spaceline Design of Ultimate Catamarans.

The 150 YS was created as a Superyacht support Vessel, featuring deck spaces and internal storage volumes far greater than anything ever built. Space for toys as well as space for supporting the mother vessel in its operation. Due to the vessels modular design, it is easily customized to meet the customers demands.

The "150's" looks are in perfect harmony with the latest fashionable designs combining sportiness and elegance. Continuous horizontal lines create basic shapes, while the engine uptakes are this designs signature feature giving it the Distinctive and recognizable design from every angle.
