2009 Loadmaster Trailer IS Available At Additional Cost!

Manufacturer Provided Description

If you're searching for the most space-efficient family cruiser available under 30-feet the 290 Signature is it. At home in all kinds of conditions, the 290 mixes form, function and performance with a distinct touch of Chaparral class. Available with twin engine V-6 power, the 290 enjoys a clear cut performance edge over comparably-sized rivals that may offer only single engine propulsion. Well equipped standard, if you want a custom look the options list includes a hinged radar arch, rod holders, a windlass, underwater lights, a gas grill, remote spotlight and a fire protection system. Every piece of hardware, from the electro-polished thru hulls to the flush mount pull-up latches, is corrosion-resistant stainless steel. A Limited Lifetime Hull Warranty and Kevlar reinforcement make a statement of quality far better than words ever could.

Most cruisers in this size range require you to wake up and disassemble the forward berth if you want to use the dinette for an early morning cup of coffee. Not so on the incredible 290 thanks to a huge berth and a separate dinette. The cabin sleeps six comfortably which is remarkable given the boat's under-30-foot centerline length. An oversized square deck hatch with a retractable shade and screen, along with four eye-level screened ports stir an airy, spacious feeling. Removable carpet, two cedar lined clothes closets, flat screen entertainment packages and lined privacy drapes are all standard equipment extras that make the 290 one of the roomiest cruisers you'll find under 30-feet. Key cabin options include a 10,000 BTU air conditioner/heater, a generator, teak and holly flooring and an accessory pillow/towel package.

Mechanical Disclaimer

Engine and generator hours are as of the date of the original listing and are a representation of what the listing broker is told by the owner and/or actual reading of the engine hour meters. The broker cannot guarantee the true hours. It is the responsibility of the purchaser and/or his agent to verify engine hours, warranties implied or otherwise and major overhauls as well as all other representations noted on the listing brochure.
