This is a super clean go fast boat with a roomy cabin, bolster seating for 4, a large aft lounge seat and a spacious rear sunpad. She is powered with low hour twin 7.4LX Mercruisers with 310 HP each mated to Bravo One stern drives. The boat came here from Lake of the Ozarks and has never drank salt water. All engine and stern drive maintenance is up to date, she was just detailed and shines like a new boat. Until coming here to SC recently she was always stored indoors in a climate controlled facility and comes complete with a new 2023 tandem axle aluminum trailer. She is fast and will top out at 75 mph. Stored indoors and easy to see! Call today and be turning heads on the water this weekend!
