Sale Pending

1999 60' Ocean Super Sport "Rob Roi"

If you are in the market for an ocean-capable offshore sportfisherman, this is the boat for you. The twin 3412 Caterpillar turbo diesels run very strong and are capable of high speeds for such a large yacht. "Rob Roi" is a new offering, commissioned and ready for a new owner. This turn-key boat is ready for the next family to bring up the fish and enjoy the offshore life.

Classic Jersey-Built Offshore Sportfishing Yacht

Well known as a "fast ride for such a big boat" the Ocean 60 Super Sport is the traditional angular, Jersey-style convertible. There is an enthusiastic following of offshore fishermen who seek the distinctive Ocean styling and solid build. The interior has all the comfort features and modern conveniences such as generator, AC, icemaker, full galley, electric heads and island berths in the cabins.

The Ocean 60 Super Sport rides on an efficient modified-V hull, tapered at the stern with a deep forefoot and plenty of flare at the bow.

Cruising yacht capable of comfortable overnight stays

The efficient floor plan includes three staterooms below the main deck, with a custom office/desk area. The dinette and galley are a step up from the main salon. The full beam salon allows for comfortable socializing.

The below deck layout is also notable in the full-beam master stateroom aft. A generous ensuite head with separate stall shower, vanity with drawers and hanging closets make for amenities loved by all owners.

Moving forward from the master, the office/desk area and laundry area amidship are a useful and practical design. To port, over/under bunks and head with full shower make the crew comfortable with ease to monitor the overnight fishing action.

The bow VIP guest suite is huge and has an equally large ensuite head and full shower. It features plenty of drawer and hanging storage. The layout of this cabin was an innovation that has been become commonplace, with the island pedestal queen bed that can be accessed from both sides.
