Engine 1

Atomic
5111
30HP
22.37KW
Fuel: Gas/Petrol
Hours: 2506
Year: 1977
Location: Middle

Summary/Description

The C&C 29 was one of the builder's most popular designs at 600 built and has proven to be a capable racer/cruiser. The boat does remarkably well in light air conditions, yet the hull design handles waves and chop with confidence. This is a remarkably well-designed yacht.

The C&C 29 was one of the builder's most popular designs at 600 built and has proven to be a capable racer/cruiser. The boat does remarkably well in light air conditions, yet the hull design handles waves and chop with confidence. This is a remarkably well-designed yacht. This Mark 1 version is a cruiser or daysailer that can easily be converted to racing mode. The reliable Atomic 4 engine was upgraded in 2018 with electronic ignition. The new tiller/rudderpost connection was upgraded with a stainless replacement manufactured by C&C in 2018. Featuring new crisp Dacron full-batten main & roller furling jib, a newer VHF Radio, a newer head toilet, and solar panel with Victron controller for battery charging, this is a clean boat with nice upholstery. She offers the full package of sailaway condition and potential to take over a mooring in Atlantic Highlands Harbor.
