Summary/Description

The Sea Fox 206 Commander is a versatile and dependable center console that offers offshore capability as well as the ability to get into skinny water.

The Sea Fox 206 Commander is a versatile and dependable center console that offers offshore capability as well as the ability to get into skinny water. The Sea Fox 206 Commander follows traditional center console styling with a few fresh tweaks. The main cockpit is open and surprisingly spacious for a 20-foot boat, providing plenty of room to fish or entertain. An integrated swim platform on either side of the outboard makes for comfortable boarding from the dock, while a flip-down boarding ladder on the starboard side makes re-boarding after a swim just as easy. The stern of the 206 Commander features a full-beam raised casting deck that includes flip-up jump seats in the corners. Between them is a 20-gallon aerated live well, and a couple of stainless-steel drink holders for jump seat passengers to use when underway.

Power: Yamaha F150XB w/ 576 hours.

Trailer: 2016 Load Rite Single Axle Bunk Trailer
