## Summary/Description

2023 CUSTOM LINE 106 - FULLY CUSTOMIZED - DELIVERY MAY 2023 Custom Line 106' is one of the stars of the Custom Line planing range. A new horizon in yachting excellence, with clean, crisp lines and palatial spaces of essential sophistication, she offers unsurpassable comfort for her owner

Custom Line 106' is one of the stars of the Custom Line planning range. A new horizon in yachting excellence, with clean, crisp lines and palatial spaces of essential sophistication, she offers unsurpassable comfort for her owner.

The surfaces are interconnected like a sculpture, crafting a fluid sequence of volumes running the length of the yacht. The stern vaunts a refined, clean-cut aesthetic, while the designers have dreamed up some larger, complementary spaces to relax and rest in further forward. The bow is linked to the flybridge, protected by two side windows and featuring a standard hard top with paired skylights – an exclusive area for admiring the wonders of the sea stretching out in all directions.
