Skillfully crafted in 2007 by renowned Dutch shipyard Hakvoort, the 124'6"/38m Custom PERLE BLEUE is a classically elegant motor yacht presenting endless possibilities. Her expansive decks offer an array of options for entertaining up to 12 guests in 5 staterooms.

Step inside and be captivated by a sophisticated interior with warm colors and soft furnishings. The main salon is bathed in natural light where, in addition to a comfortable seating area, two card tables can be combined and extended to transform into a formal dining space that seats up to 12 guests. Forward on the main deck is the spacious full-beam Owner's Suite with a king bed, walk-in closets, his and hers ensuite, and a private study. The lower deck houses four additional guest suites comprised of two double cabins and two further convertible double or twin cabins with two additional Pullman berths, each with a private ensuite. Up in the sky lounge, floor-to-ceiling windows result in unobstructed views of the seascape, and it is where you will find cozy areas to rest after a day in the sun.

Out on deck are even more places to explore, and all three decks offer ample space for al fresco dining. Enjoy the view from up on the sundeck and spend the day relaxing in the jacuzzi, on the oversized sun pads, or in the lounge area. If you need a drink and a bite to eat, just a few steps away is a large, curved bar with seating for ten, and a Teppanyaki bar to bring it all together. Down on the bridge deck aft you will find this oversized space to be a perfect place for entertaining. The oval dining table seats up to 12 and an additional seating area with a cocktail bar is found further aft. A wet bar, sink, and refrigerator allow for convenient service while you spend time here with your friends and family.

PERLE BLEUE caters to everyone, giving you everything you need to focus on creating memories that will last a lifetime.

This is a Joint Central Listing.
