Summary/Description

1963 REFIT 2016/2022 Feadship 87 Classic Canoe Stern motor yacht. Yesteryear charm with upscale modern appliances, furnishings, electronics for cruising, entertaining, socializing, relaxing in luxurious comfort and grand style! Accommodations for 8 guests in 4 ensuite staterooms, plus crew quarters.

Built in 1963 by Feadship, the world-renowned Dutch superyacht shipyard, SISSI is a fine 87ft (26.75m) classic canoe stern motor yacht. She was designed by the legendary De Voogt naval architecture and engineering team and constructed using steel and aluminum for strength with lighter weight advantages.

SISSI was extensively refit in 2016/2022 to bring her features and amenities up to modern levels of upscale function and design elegance befitting this grand yacht. The VIP suite was completely reconfigured, and the galley and 2-cabin crew quarters were upgraded. New generators, hydraulic boarding gangway, and improved air-conditioning were installed, along with new navigation electronics. And the hull was repainted as well.

SISSI accommodates up to 8 guests in 4 nicely appointed cabins. Both the master suite and the ensuite VIP stateroom feature a king-size bed. A double cabin with queen-size bed and a twin cabin, each with ensuite bathroom facilities, provide luxurious comfort for extended passages.

The main deck interior is a spacious open plan living area consisting of the main saloon and dining area featuring beautifully rich teak joinery throughout for classic yacht elegance. Entertainment electronics include a recessed flatscreen TV. Most of the main saloon furniture was replaced, overheads were redone with new recessed lighting, during the refit years.

SISSI's outdoor spaces are ideal for entertaining, socializing and relaxing with alfresco dining areas in the spacious cockpit and foredeck, and vast flybridge furnished with massive sunbeds for relaxation at sea.

Vessel Walkthrough and Details

MAIN SALON, MAIN DECK

- Fusion speakers Bluetooth system (saloon, flybridge)
- Flat TV Screen on hydraulic lift
- Freezer from Bosch
- Sounds System (Subwoofer)
