Engines/Generators

Summary/Description

For Sale

The Jeanneau Sun Odyssey 509 is a very stylish and good looking design. It also offers lots of cockpit space combining voluminous luxury accommodation below deck. These models have good sailing ability yet remain easy for short handed sailing with running rigging lead to the cockpit and electric halyard and primary winches. This example is simply in exceptional order and comes with many upgrades: generator, AC, water maker, bow thruster, davits, solar and much more. Stunning example of a 509. These boat details are subject to contract. Note: Offers on the asking price may be considered.
