This stunning 2021 510 Sky luxury yacht combines timeless elegance with modern features. The outstanding beach mode

option creates almost 20 feet of beam on the boat's aft deck, which is incredible for entertaining or lounging at anchor. Once the side doors are open, the possibilities are endless. The aft seat rotates so you can enjoy dinner while watching the sea. Underneath is an innovative compact hydraulic accessed garage with a built-in grill on the swim platform. She has the most desirable

high gloss black walnut interior and upgraded mosaic tile in the master shower. Bow & stern thrusters are coupled with the yacht controller to make docking a breeze. We installed a custom Bimini top to compliment the spacious sky deck. She has been meticulously maintained by us. All services are current, and she has been lightly used with only 125 hours. She also has extended Volvo warranties on the engines. Be sure to look at her extensive options list.

The ability to combine the advantages of the classic flybridge and the distinct, sporty look of the hardtop is unique to the Galeon SKYDECK line earned this model the World Yacht Trophy award for Innovative Design at the Cannes Yachting Festival.

The 510 has a spectacular glass sunroof over the helm station and a top deck with sundecks and extra steering that can be covered with a soft roof when necessary.
