Summary/Description

Stepping on board the Greenline 39, you cannot help but be amazed by the feeling of space. The key elements of Greenline design are all there - the 360 degree panoramic view in the salon, the aft galley, electric fold down transom and the spacious layout.

THE ALL-NEW GREENLINE 39 IS DESIGNED TO PROVIDE AN UNFORGETTABLE EXPERIENCE THAT IS RARELY FOUND ON SMALL YACHTS

Stepping on board the Greenline 39, you cannot help but be amazed by the feeling of space. The key elements of Greenline design are all there - the 360 degree panoramic view in the salon, the aft galley, electric fold down transom and the spacious layout which all come together to create one of the most sociable and relaxing boats on the market today.

Greenline 39 all about sophistication in design, technology, production and environment. Thanks to dedicated engineers and designers, as well as experienced craftsmen skilled at latest technologies in boat building Greenline 39 has become one of the most popular boats in a short time.

Greenline 39 design profited from feedback of hundreds of users from all over the world. We improved every single point, from boarding the boat to hydrodynamics, from seaworthiness with low consumption to more speed and stability.

Following Greenline DNA and philosophy, the New Greenline 39 is paying respect to the environment, to other boaters and to ourselves. And it pays back with immeasurable satisfaction. With its open comfortable space and easy water access the new Greenline 39 is equally well suited for day trips as well as long cruises.
