Location: Starboard

Summary/Description

With the new Fjord 39 XL, we continue to set new standards in the world of power yachts. This model embodies the fusion of innovation, iconic style, and unparalleled performance. Prepare to be captivated by the Fjord 39 XL.

With the new FJORD 39 XL, we continue to set new standards in the world of power yachts. This model embodies the fusion of innovation, iconic style, and unparalleled performance. Prepare to be captivated by the FJORD 39 XL.

With its unique combination of performance, seaworthiness, comfort and iconic design from the collaboration between the designers at Hanse Yachts and the renowned yacht designer Patrick Banfield, the new FJORD 39 is once again a real highlight on the water.

Every aspect of the FJORD 39's design epitomizes power, stability, safety and durability. From the reinforced hull construction to the robust materials used throughout, the yacht is built to withstand a wide range of conditions.

The impressively generous dimensions on deck with the large and open cockpit of the FJORD 39 offer unrivalled space for a comfortable lounge and maximum freedom of movement. When the two generous tables in the seating area for up to eight people are lowered, a second large sunbathing area is created. Like all FJORD yachts, the new model offers the perfect setting for a cozy sundowner or a glamorous cocktail party under the sun.

Modern navigation equipment and joystick steering make maneuvering easy and intuitive. Even at full speed, the characteristic T-top, which is also the largest in this class and provides plenty of shade, and various windscreen options protect against the elements. Below deck, too, the designers have maximized the available space and ensured that every square foot serves a purpose. The interior has been significantly upgraded compared to the FJORD 38 and sets new standards in this boat class.

Andrea Zambonini, FJORD Product Manager: "The FJORD 39 is the logical new development of our entry-level model in the unique FJORD class. It offers everything that characterizes the core of these iconic yachts. Power, design and comfort - fully thought through and high quality."

Steering System

Joystick Control
