Engine Model:	12 Cylinder	Max Speed:	60 Knots
Engine HP:	650	Cabins/Heads:	/
Beam:	7' 0"	Fuel Type:	Gas/Petrol
Max Draft:	"	Fuel:	
Water:			

## Data Sheet

Category: Runabouts  
Condition: Used  
Model Year: 1924  
Beam: 7' (2.13m)  
LOA: 27' (8.23m)

Maximum Speed: 60 Knots  
Knots  
Fuel Type: Gas/Petrol  
Hull Material: Wood

Stock #: B90251

## Engines/Generators

### Engine 1

BPM  
12 Cylinder  
650HP  
Fuel: Gas/Petrol  
Year: 2005

## Summary/Description

In 1923, a group of Columbia Yacht Club members formed a syndicate to build and race a boat to bring the Gold Cup home. She was designed by George Crouch and completed by Henry B. Nevins in 1924.

In 1923, a group of Columbia Yacht Club members formed a syndicate to build and race a boat to bring the Gold Cup home. She was designed by George Crouch and completed by Henry B. Nevins in 1924.

This faithful reproduction of the "Miss Columbia" hull was built by Bill Cooper & Son of Massachusetts and conforms perfectly to the lines of the original Gold Cup racer.

Commissioned by well-known race boat collector, Phillip Sharples, and used on the St. Lawrence River, the boat is taken directly from George Crouch's original drawings.

This quest for exacting standards is what drove the design of this boat such that it sounds, acts and handles just like its namesake.
