Location: Port

### Engine 2

Yamaha  
300HP  
223.71KW  
Fuel: Gas/Petrol  
Hours: 1640  
Location: Starboard

## Summary/Description

This boat is turn key ready to go to the sand bar or offshore fishing.

The twin 300 Yamaha's get great economy at an easy 30 knot cruise. With plenty of seating including the optional fold down transom seat it can comfortably accommodate up to 12 people. With two massive fish boxes in the deck and storage all around there is plenty of storage to keep un-necessary things off the deck. It has twin Simrad screens, radar, and integrated Simrad auto-pilot. Taco outriggers, light bar, two live wells, windlass, and curtains are some options included on this vessel. The console offers a vacu-flush head and stand up rod storage. Dealer serviced with maintenance history in hand. Lift kept in an enclosed boat house (and it shows!).

## MANUFACTURER DESCRIPTION

Whether you're trolling with hooks in the water or motoring through the tough stuff in search of a trophy catch, Robalo's R300 center console flagship sparks an adrenaline rush unlike any other fishing boat. Unique style. Phenomenal overall performance. Dry ride. Best-in-class features. Featuring two oversized livewells, more than 245 gallons of insulated fish box capacity and a well-equipped bait prep center, the R300 is primed to tackle any fishing adventure. Combine a Kevlar-reinforced hull with a 10-year limited hull warranty and you'll enjoy complete peace of mind every time you take to the water. An abundance of rod holders ensure you're never more than an arm's length away from your equipment. The optional fiberglass T-top is the widest in its class, providing more sun protection than rivals. Robalo's 21-degree variable deadrise Hydro Lift bottom design can tame up to 700-horsepower so faraway GPS coordinates are never far away.
