Summary/Description

Trillium is a 2021 Galeon 425 HTS that looks like it came off the showroom floor. Extremely well equipped with anything needed for confident and safe cruising, without sacrificing luxury. Trillium salon has a large sunroof and window that opens up to convert the cockpit into a much larger space.

Trillium Introduction

Introducing the practically brand-new Galeon 425 HTS, boasting only 55 hours of use and unparalleled luxury. This is a must see to truly understand how clean and luxurious this yacht is. Equipped with Volvo Penta reliability and a confidence-boosting joystick control, this vessel ensures effortless handling. The configuration of Joystick control makes docking stress free for all levels of experience. High bow rails with wide side deck and hand rails throughout guarantee a comfortable and safe experience. Bask in the sun on the spacious bow sun pad. With two 500L fuel tanks and efficient Pod Drive systems, enjoy extended range and performance. Storage abounds, including a garage for an inflatable tender add convenience accessible from the swim platform. Stay comfortable in any climate with generator and climate control. The ZipWake trim control system ensures a smooth ride, while all necessary electronics, including Volvo Penta IPS Joystick System, engine display panel, and more, ensure confident and safe navigation. Open the salon glass to convert the cockpit into a larger entertaining space. Inside, find two comfortable staterooms with ample privacy and storage. The full beam master is luxurious and the space feels like you are on a much larger boat. Sleek lines and an aggressive profile marry functionality and comfort. Experience luxury and performance like never before with the Galeon 425 HTS.

- **2 Heads**
- **Blower exhaust fan**
- **Vanity, Cabinet, and Sink In both Heads**
- **Private Head in Master with Separate Shower Stall**

From Galeon

The 425 HTS follows the express cruiser concept of the Galeon 485 where the main deck is a dry area, protected from the noise and elements by a glass door and window combo. This also allows to fit in heating and air conditioning, a welcome feature in most climates. The sleek lines and aggressive profile make it easy to forget the yacht's true nature where functionality and comfort will always take precedence. Features like wide side decks for easy bow access in all weather conditions or garages for an inflatable tender are sure to impress future owners. Outside, the glass or carbon option power sunroof works well with the large side windows on both sides that lower into the deck while the patio door can open upwards allowing for better ventilation- ingenious! Below deck, a saloon, two bedrooms, and two bathrooms await guests. The owner's suite is located midship and occupies the whole width of the yacht allowing for an incredible amount of volume and storage space.
