Summary/Description

3 Stateroom/ 2 Heads + Crew Layout This second model in the innovative As range inherits the personality of its predecessor, the As8, to satisfy any yachtsman looking for luxury, sporty character and contemporary design in the 57-foot range. Once again, the Shipyard's design team excels at success

3 Stateroom/ 2 Heads + Crew Layout

This second model in the innovative **As** range inherits the personality of its predecessor, the As8, to satisfy any yachtsman looking for luxury, sporty character and contemporary design in the 57-foot range.

Once again, the Shipyard's design team excels at successfully adapting all the attributes of a large yacht on a mid-length cruise ship.

The **As5** is the result of the combination of the new contemporary design -developed by ASTONDOA for this range-, style and "color & trim" with the handicraft and timeless manufacturing that distinguishes this century-old brand.

But the **As5** also claims its own personality, combining the elegance of its aesthetics with sporty details, taking inspiration from the automotive sector and the best supercars with which the Shipyard shares an innovative spirit. Thus, merging aerodynamics with design to

create beautiful shapes and generous spaces, the **As5** was born as a unique yacht.
