Summary/Description

The all-aluminum StellarONE AL108. A raised pilothouse long-range motoryacht offering max speed of 22/23kts with her twin 1800hp C32 ACERT IMO Tier III engines. With base boat features like a fold out balcony on the main deck master stateroom, and a beach club, the AL108 is designed to impress.

STELLARPM'S ALL-METAL SUPERYACHT SERIES

Superior Safety • Superior Strength • Superior Performance • Superior Quality

Elegant, contemporary, raised pilothouse models in aluminium-hulled semi-displacement or steel-hulled full displacement versions offering sleek, low-profile styling combined with voluminous multi-flexible interior layouts and equipment levels second to none.

"These are amazing superyacht projects that will really wake-up the market. What sub-\$10m yacht of this size gives Lloyd's certified all-metal construction, Northern European superyacht quality engineering and finish, teak decks all-round, Tier III CAT C32 engines, an on-deck master with its own foldout balcony, a beach club and tender garage and so much more. The StellarONE series' equipment, engineering, build, and quality levels are set to be a gamechanger for the market and we will deliver to our customer a truly superb fully customized vessel"- Chris Holmes, Founder & Executive Director, StellarPM, Inc
