Pre-owned 2022 Pardo E60

Trade in vessel available in April 2024

Pardo Yachts has a heritage of sailing boats, and building sailing boats is far more complex than building powerboats. Cantiere del Pardo has been in operation since 1973 when Grand Soleil Yachts was established. The company has built more than 4,000 sailboats up to 80 ft and used for long-distance cruising and offshore racing. Calibrated for low consumption and silent cruising, the Pardo Endurance 60 revolutionizes long-distance navigation.

This 2022 Pardo E60 comes fully equipped with an array of premium features, including a stabilizer, dual IPS 800 engines for optimal performance, side terraces for added convenience, a third helm station at the aft for enhanced control, a bow thruster for maneuverability, and a hydraulic swim platform for easy access to the water. This luxury vessel offers a seamless blend of advanced technology and comfort for an unparalleled boating experience.

Benefit from the peace of mind provided by the Volvo Penta extended warranty, valid until August 11, 2027. Additionally, enjoy the full warranty coverage from Pardo Yachts Miami, extending until August 5, 2024. This comprehensive warranty package ensures a secure and worry-free ownership experience.

Contact Pardo Yachts Miami today and schedule your private tour of this luxury yacht for sale in Miami, FL.
