#### Accommodations

The aft cockpit has seating port and starboard with a varnished teak cockpit table and teak cockpit sole grating. Below the grating, a large fiberglass hatch covers the bilge area.

There is easy access via the aft panel to the hydraulic steering assembly, emergency tiller and additional lazarette storage.

#### Pilothouse

The pilothouse is entered through a teak door. The helm features a beautiful classic teak wheel, an extensive electronics package, a removable captain's chair, an upholstered bench seat that can be folded up and a large teak chart table. Headroom here is 6'10". The teak floorboards that cover the engine room allow for easy access to the engine. Other compartments include batteries stored port and starboard, domestic a/c unit and water heater.

#### Below Deck

Upon entering via the companionway, there is seating to port and starboard, with a folding adjustable dining table and plentiful storage below the seating and in multiple teak storage lockers.

Forward on the port side is the galley with a deep sink, 2-burner alcohol stove, top loading freezer and fridge.

To starboard of the galley is the head with the marine toilet, a hand-held shower head, shower curtain and sink.

Forward is the V-Berth with teak cabinets/lockers port and starboard, a vanity with sink and locker that includes a safe is to port. To bow there is locker access to the bow thruster.
