Bow Thruster: Yes
Fuel Tank: 160 gal (605.67 liters)
Fresh Water: 100 gal (378.54 liters)
Builder: Siltala
HIN/IMO: SLT33959H586

Engines/Generators

Engine 1

Ford Lehman
SP90
Inboard
Fuel: Diesel
Hours: 2030

Generator 1

Honda
EU2200

Summary/Description

PRICE DROP!! TONS of upgrades! This beautiful, well cared for 1986 33' Siltala Nauticat 33 is the perfect boat for The Bahamas and East Coast, with a spacious pilothouse and a 4.08 ft draft that can take you almost anywhere! With a practical two cabin layout, she has room for the whole family.

This beautiful, well cared for 1986 33' Siltala Nauticat 33 is the perfect boat for The Bahamas and East Coast. The 90 horsepower Lehman easily pushes the boat at 6 knots with no assistance from the sails. Raise the sails as well and you'll pick up about a knot under power. For a relaxing cruise, turn the engine off and just sail! Her 4 foot draft is perfect for The Bahamas, opening up your cruise to many beautiful areas that standard 5 foot draft boats can only dream of! No worries about pulling into crowded anchorages, just head for the beach and you'll find room. Her forward V-berth forward easily sleeps 2 adults. It can be set up as a traditional V, or a cushion can be added to make the entire cabin a berth with closet space under the added cushion. As you move toward the aft, the head is on the port, featuring a manual bronze Groco type K head, sink, and shower. There is a large storage cabinet to starboard across from the head, which can be used as a traditional hanging cabinet and also has several shelves for better utilization of space. Continuing aft the galley is to starboard, with a propane Force 10 stove, double basin sink, and in counter refrigerator. To port is the U shaped settee and table (table mounted on an arm and swivel so it can be moved out of the way). Up the 3 stairs into the pilot house and you're surrounded by windows. There is so much light. It's a gorgeous space to enjoy the view of the islands. Glass windows surround the pilot house where you can stay out of the weather if desired. There is a spacious chart table and tons of storage under every settee. Instruments are on the dashboard, with hydraulic steering at the helm and a radar and chart plotter just forward of that. Continuing aft the second cabin has a full berth and a second head (composting). She has a second sink and ample storage in the aft cabin as well.

FEATURES:

- New Standing Rigging
- 2021 Highfield CL 310 (Hypalon)
- 2021 Yamaha F15 4 stroke
- Yamaha 3hp 2 stroke
- 2021 Cruise RO 30 gallons/hr water maker
