Engine 1

Suzuki/Yamaha/Mercury

Summary/Description

The 210 Bay boasts exceptional maneuverability in shallow and close-to-shore waters, making it an ideal choice for anglers targeting trout, redfish, or exploring nearshore reefs.

Customizable Boat: Pan Handle

Sea Pro 210 Bay

Suzuki/Mercury/Yamaha

The 210 Bay boasts exceptional maneuverability in shallow and close-to-shore waters, making it an ideal choice for anglers targeting trout, redfish, or exploring nearshore reefs.

The boat features foam-filled hull sides and deck boxes, which serve multiple purposes: reducing noise while cruising, providing better insulation for storing fish and keeping cooler boxes, and improving overall safety.

Both hulls and decks undergo a meticulous coating process, starting with gel coating followed by a vinyl ester barrier coat sprayed onto all hulls to prevent osmotic blistering below the waterline.

Additionally, capping knuckles and hull sides receive a gel coat treatment to enhance their appearance.

Standard Features

- Simrad touchscreen electronics
- Sea Star power assist tilt hydraulic steering (150 HP and bigger)
- Sea Pro Connect by Boat Fix
- Audison Audio
- Dual battery switch w/ACR
- Raw water washdown
- Half swim platform w/3 step telescoping ladder
