Manufacturer Provided Description

The largest model in our bowrider family, the VR6 is also all about space and unparalleled roominess. It combines Bayliner category-leading BeamForward design and our signature AftAdvantage concept which increases dry seating in the self-draining cockpit by adding the swim platform at the end of the running surface. This boat maximizes space and value like never before regardless of whether you choose outboard or stern drive power. You will also find pleasant surprises like a lockable enclosed changing room (head optional) and aft-facing companion observer seat that is ideal for water sports and with the addition of a filler cushion creates a comfortable U-Lounge that turns the whole aft section into an inviting gathering area.

1. BeamForward" design with high gunnels creates more passenger space, under-seat storage and safety
2. Exceptionally roomy cockpit thanks to our exclusive AftAdvantage" design
3. Spacious cockpit seating converts to inviting U-Lounge with addition of optional filler cushion
4. Enclosed changing room with optional port potty provides convenience normally found on larger boats
5. Standard integrated swim platform and optional platform extension are positioned further aft than comparable models adding interior space while providing the ideal staging area for water sports
6. Available Water Sports or Fishing Options let you customize the VR6 Outboard to suit your family's needs

Cockpit
