Summary/Description

Selling their beautiful 2012 Crownline C260 CR 5.7 Engine with Bravo 3 Outdrive 199 hours

FULL SPECS

Very nicely cared-for and well equipped cruiser from a quality builder! Pro-actively maintained. Last year, before putting in the water, the workshop concluded the following work:

1. Full Tune up
2. All coolant temperature sensing devices.
3. New Circulating pump and raw water pump.
4. New fuel pump too (not needed just for age, it was kind of recommended)
5. New injectors (not needed just for the age it was kind of recommended)
6. Thermostat and water pressure sensors (not needed just for the age it was kind of recommended)
7. The outdoor drive was completely maintained, the oil change, the new bellows and the shift cable.

The boat is flying as supposed.

All the lights are functioning.

Premium sound with Bluetooth.

LED light underwater and onboard. So lovely at night!
