Summary/Description

Luhrs made sure their boats are a comfortable ride for the passengers while cruising to the fishing grounds. This 36 Open is in fantastic shape and very clean. The upholstery was replaced in January of this year, 2023! The Yanmar engines are 440hp each and have under 1000hrs!

FULL SPECS

Henry Luhrs Sea Skiffs began production in the 1930s. The company grew rapidly producing more than 1,000 boats a year by 1960. Luhrs sportfish are known as the everyman's sportfish with great layouts and great riding hulls. Luhrs made sure their boats are a comfortable ride for the passengers while cruising to the fishing grounds. This 36 Open is in fantastic shape and very clean. The upholstery was replaced in January of this year, 2023! The Yanmar engines are 440hp each and have under 1000hrs! It's ready to fish the canyons or the bay or go wherever you want to play! She's equip with outriggers and comes with trolling polls. Included in the photographs is a photo of the maintenance log kept by the present owner. She flew through survey in the spring 2023 to discover at the very end the need to replace the fuel tank. The work was completed over the summer and she's ready to go! The present owner, a little reluctant so sell, has decided he just doesn't fish enough, and his wife WANTS a Sea Ray cruiser.
