Location: Starboard

Summary/Description

Jeanneau 2021

The NC 1095 Fly features a bright and airy salon with panoramic windows. The galley is well-equipped. The three comfortable cabins provide ample accommodation for family and friends, making this boat the perfect "Adventure Machine". Yamaha Outboard power offers bulletproof reliability, and the confidence to explore shallow waters. You can tilt the engines out of the water and enjoy shallow sandbars, or protect the engines when not in use.

But the true beauty of the NC 1095 Fly lies in its innovative design features. The flybridge, accessible by a staircase from the cockpit, offers a second helm station and additional seating. The sliding adjustable bench seating in the cockpit provides flexible space for cruising or diving and swimming.

Powered by twin outboard engines, the NC 1095 Fly delivers exceptional speed (44 mph!). Whether you're exploring hidden coves or cruising along the coast, this yacht promises an unforgettable experience.
