Summary/Description

The PRESTIGE 500S follows the same philosophy and guiding principals of the world of PRESTIGE: seaworthy qualities, a reserved, elegant style, very open livable spaces, all to create a unique experience.

The Prestige brand is in a league of its own when it comes to style, ergonomics, features, comfort, and overall fit and finish. You truly feel like you are onboard something very special every time you board a Prestige Yacht, and the 500 S does not skip a beat! This beautifully upgraded and low hour/freshwater example is the one you have been waiting for! With under 500 hours, this beauty is going to feel and run like new whenever you decide to jump aboard for a great time on the water. Some updates and upgrades include a beautiful carbon fiber Freedom Lift dinghy davit system which houses a 2023 Highfield 11' Dinghy and 30 HP Yamaha Outboard, a solar array with lithium battery bank that virtually runs all systems on board with ease, and so much more! Currently stored in an indoor heated facility which makes viewing a pleasure - be sure to book your private showing before this one is gone!
