Summary/Description

A Beautiful Fresh Water 2005 Catalina 34 MkII. Full Enclosure, Winter Cover, New Batteries

LOCATION: Pickering, ON

The Catalina 34 MK II is one of the most in demand models ever manufactured by Catalina Yachts. Furling main and genoa, along with a cruising spinnaker, large cockpit, aft cabin and full enclosure make this a boat designed with extended cruising in mind.

Upon entering the main salon, you'll find a large, well laid out galley to starboard along with the entrance to the aft cabin. To port is ample sized head with wet head shower, the nav station and a hanging locker. Forward of the nav station is a large settee. Forward of the galley to starboard is a large U-shaped dinette which converts easily to a large berth.

The V-berth is a very good size and sports a hanging locker and large hatch.

The Aft cabin is a very good size, with small seating area and a hanging locker.

The 34 MKII is powered by a 30HP Universal M35 with 1188 hours.

Outside you'll find a dodger, bimini and full enclosure all recently installed by Island Canvas, along with cockpit cushions.

Stern rail seats are a wonderful feature of all 34 MK II's, and the best seat in the house when cruising. The walk through transom makes getting in and out of the water or a dinghy a breeze.

This boat has it all, and won't last long!

More photos on the way!
