This is a one of a kind vessel on the market today.

Wendon Yachts rise above the competition with its stunning designs, layouts, equipment, interior decor and styling with creature comforts beyond compare. Wendon Manufacturing is a custom and production builder of quality yachts and power catamarans. Born from the concept of providing a fast, economical, stable, luxurious motor yacht comes the Wendon line.

This is a "proven ocean boat! This yacht was built for personal use by the builder of Wendon Yacht. He has only taken her out a few times since she was completed. You do not need a Yacht crew to run this vessel. Can be run by a couple people easily. Very user friendly.

Built with pride and absolutely no money spared on this vessel.

Wendon takes pride in making them soundly constructed, safe, and functional; with attention to performance. It is why we can say, LUXURY WITHOUT COMPROMISE" Excerpt from the Wendon Website
