Summary/Description

Sadler Yachts are known for their excellent designs that are not only fast but renowned for distance sailing around the UK. The Sadler 34 is an evolution of their smaller yachts and is designed to be great offshore as well as coastal cruising.

****More Photos and Information to come****

Sadler Yachts are known for their excellent designs that are not only fast but renowned for distance sailing around the UK. The Sadler 34 is an evolution of their smaller yachts and is designed to be great offshore as well as coastal cruising. She shows excellent construction that is very capable. Starlight is a great example of why this is true.

Starlight has a wind generator, solar panels, foam cored hull and has an updated Yanmar diesel engine that was installed in 2004 and only has 580 hours on it. There is also autohelm and a windvane that add to her features. Come see why this vessel is famous around the UK coast and why it thrives in the waters around BC.
