Summary/Description

Masterfully designed and crafted Dutch Ketch. Purpose-built for adventuring in both coastal and bluewater with a steel hull and multiple sail configurations. Unveil the allure of a masterfully crafted 54' Motorsailer, an enduring testament to Dutch shipbuilding excellence.

Masterfully designed and crafted Dutch Ketch. Purpose-built for adventuring in both coastal and bluewater with a steel hull and multiple sail configurations.

Unveil the allure of a masterfully crafted 54' Motorsailer, an enduring testament to Dutch shipbuilding excellence. Impeccably rebuilt between 2000 and 2005, this steel ketch stands poised for your next maritime adventure, offering the perfect combination of bluewater sailing capability and luxurious live-aboard comfort. This versatile vessel offers three cabins, including a main cabin with a double bed and single bed, a forward starboard cabin with two bunk beds, and a V-berth, providing spacious accommodations. There is also clever storage solutions and thoughtful design elements made to elevate the onboard experience.

Equipped with myriad navigation technology, including an AIS system, Furuno radar, Icom M710 VHF radio, Furuno Plotter with depth sounder, and a modified CPT Autopilot. This Motorsailer ensures precision and safety during your seafaring journeys. The robust 4-53 Detroit diesel engine, guarantees both power, maneuverability and long lasting performance. Embrace sustainable ocean adventures with eco-friendly features like a wind generator, engine-driven watermaker, and seven solar panels generating more than enough power for all your daily activities. With a generous 350 gallon diesel capacity and 160 gallon water capacity, coupled with comforts like an Adriatic diesel cook stove, cozy cabin propane heater, and a wood fireplace in the salon, this motorsailer is a harmonious blend of functionality and opulence, inviting you to set sail in unparalleled style.

As you traverse the open waters, revel in the intimate warmth of a meticulously designed living space. The Adriatic diesel cook stove graces the galley, ensuring delightful culinary experiences, while the cozy cabin propane heater in the aft cabin and a wood fireplace in the salon infuse the interior with comfort and ambiance. The vessel accommodates seven solar panels, generating a robust 750 Watts, enhancing its sustainability profile. With a fuel capacity of 350 gallons and a water capacity of 160 gallons, this motorsailer ensures self-sufficiency during extended journeys. Whether you seek adventure on the high seas or a serene live-aboard experience, this Motorsailer beckons with its timeless charm and seafaring prowess.
