Cruise in Style: 1991 34' Wellcraft St Tropez Fast Express Cruiser

Will also consider including an extremely well located North Saanich boathouse at an additional cost!

Experience cruising the PNW with this boathouse-kept Wellcraft St. Tropez Express Cruiser. With an impressive 11' 8" beam, and weighing just 11,200 lbs., this vessel marries stunning European lines with top-notch functionality. Built on a robust V hull it promises a smooth ride in open water. The open-concept salon is designed for comfort and versatility, accommodating up to 6 passengers with a queen V berth bed, convertible dinette, and sofa that transforms into bunk beds.

Powered by twin Mercruiser gas engines, this cruiser delivers outstanding performance on the water. The vessel's modern and updated upholstery complements its timeless design. A standout feature is the comprehensive Raymarine electronics package, an exceptional rarity in a vessel of this size, boasting over \$30,000.00 of upgrades made just 6 years ago, part of a grand total exceeding \$70,000.00 in enhancements and equipment. Safety is paramount with 4 PFDs, a 24" throwable life ring with line, 4 fenders, and an electric horn. The integrated extended swim platform, adorned with LED underwater lights, offers a touch of glamour.

All your needs are met with a fully equipped helm, autopilot, compass, Webasto furnace, and even an engine room camera. The vessel comes complete with creature comforts, including a new black water hose, an ice maker, drawer fridge, microwave, BBQ, inside LED lights, electric toilet, and a shower in the head. Recent maintenance ensures peak performance, with ignition modules, dist cap, carb, rotors, spark plugs, and new fuel lines on the port engine, along with oil changes. The hull has been meticulously cared for, with a thorough haul-out including zinc replacement, cleaning, and painting in June 2023. If you're seeking the perfect blend of style, comfort, and performance, look no further than this remarkable Wellcraft St. Tropez.
