## Engines/Generators

## Summary/Description

Stable and stiff while maintaining speed and performance, the Seidelmann 34 is an well designed performance cruiser that is exceptionally pleasant to sail. Well constructed and finished in solid teak, she sleeps six comfortably in four berths.

### Design and Construction

Hand laid one-piece fiberglass hull with hand laid fiberglass deck cored with end-grain balsa and molded non-skid. Lead keel attached with stainless keel bolts through a large stainless steel backing plate and embedded in epoxy. The hull-deck joint through bolted and chemically bonded incorporating the black anodized aluminum toe rail.

### Layout and Accommodations

Starting forward with a large double V-berth with shelving outboard, chain locker access and sail storage fully forward. Aft to starboard is a cabinet with five drawers and vented hanging locker. To port, the large head features a marine toilet with holding tank, macerator pump and Y-valve; counter and vanity; sink with extendable shower faucet; lots of storage space. Moving aft, to starboard is a straight settee with storage cabinet and shelf outboard. A unique chart table slides out from the top of the settee. To port is a straight settee with a large shelf outboard and storage under. On the port bulkhead, a flip down dinette table reveals a bar. The galley, aft to starboard, features a 2-burner pressurized alcohol stove with oven; insulated icebox; stainless sink hot and cold pressure water; tons of storage space for dishes and food. Fully aft to port is a large quarter berth. Teak and holly cabin sole, 70 gallon water tank. Sleeps 6 in four berths.
