**The new True North 39 Outboard Express is the natural evolution of the original True North 38. Take a great boat with an outstandingly spacious cockpit and make it better.**

**The interior arrangement has been improved using owner feedback, her systems updated to include a larger generator along with an optional Seakeeper system.**

**The evolution to outboard power (diesel or gas) has improved WOT and cruise speed while maintaining efficiency plus dramatically improving dockside handling with joystick controlled engines.**
