Category: Cruisers

Condition: New

Model Year: 2024

LOA: 38' (11.58m)

Fuel Type: Diesel

Hull Material: Fiberglass

Engines/Generators

Summary/Description

Wherever you look aboard the Sun Odyssey 380, down to the smallest detail, you find a combination of high performance, flow of movement and comfort on board.

The inverted bow increases efficiency downwind, responsiveness at the helm, and ease of handling in port.

Recessed sidedecks and twin steering wheels provide secure movement about the deck while improving visibility at the helm.

The bright, airy, interior space reveals a clean, contemporary aesthetic for a calm, comfortable atmosphere.

Ingenuity and attention to detail are equally evident: a rectangular berth in the forward cabin, a daybed on the keel box for greater comfort while sailing on more agitated waters, and two spacious cabins with a separate shower and a large storage locker.

With the Sun Odyssey 380, fluidity and serenity characterise life on board as much as cruising.
