Year: 2024

Summary/Description

The accommodations plan is designed for adventurous people who want to experience nature – comfortably. The main living spaces (including galley) are all on one level and connect seamlessly to the spacious cockpit in the stern.

The Go-Anywhere, Do-Everything Boat

The accommodations plan is designed for adventurous people who want to experience nature – comfortably. The main living spaces (including galley) are all on one level and connect seamlessly to the spacious cockpit in the stern. Warm and dry when it's rough, open, and airy when it's not – you'll always have an intimate connection to your surroundings. Add in your adventure options, and there's no weekend you can't conquer.

Social Boat

Boats can bring people together better than any other activity. Eating and socializing with friends and family is more than half the fun. All current True North owners agree that one of the most popular features of the boat's "open concept" interior is the "galley-up" configuration, and the Outboard Express is no different. Serious cooks love the large and well-equipped galley and everybody loves being up in the center of the action.

Design Makes the Difference

The Outboard Express performs exceptionally well on flat water in fair weather. But its unique ability to handle rough weather and stormy sea conditions is one of the many elements that sets this boat apart. The sharp, plumb bow slices through the waves instead of pounding on top of them when the seas build. The hull's balanced displacement and flatter aft sections deliver a rock-solid ride in virtually all weather conditions. And since the hull design is inspired by boats that work all year long in all sorts of conditions, we can almost guarantee you won't miss a day on the water (or be stranded in port) when the weather takes a turn for the worst.

Made in the USA

The True North 34 Outboard Express is built by highly experienced craftsmen in Largo, Florida, and is the brainchild of boat builders who have a distinguished record of helping to create some of the most successful powerboats and sailboats of the last 25 years. The combined boat-building experience of the True North team is measured in hundreds of years and you can see the quality that only that kind of experience can produce in every boat we build. And we take requests! Some of our adventure options were ideas that our owners brought to us. If you find a new toy or a new way to stow a piece of gear, we'll engineer a solution that will make it easier to use.

Contact Cape Yachts to learn more! Cape Yachts has been in the business of matching the right boat to the right family since 1986. In those years, we've learned a thing or two about building and maintaining long-lasting relationships by providing exceptional new and brokerage inventory along with the advice, service, and complete support to earn our clients trust and loyalty.

Price may not include Freight and Commissioning.

Disclaimer

The company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change or withdrawal without notice.

Mechanical Disclaimer

Engine and generator hours are as of the date of the original listing and are a representation of what the listing broker is told by the owner and/or actual reading of the engine hour meters. The broker cannot guarantee the true hours. It is the responsibility of the purchaser and/or his agent to verify engine hours, warranties implied or otherwise and major overhauls as well as all other representations noted on the listing brochure.
